○ SUMMARY

Software Developer with experience in Android (Kotlin), Java desktop apps, and web platforms with my own backend. I build end-to-end solutions (frontend, backend, and database) with cloud services, secure login, geolocation, and real-time data sync. I use MVVM, Clean Architecture, and SOLID principles.

○ SKILLS

Android: Kotlin, Jetpack Compose, MVVM, Room, GPS

Web: PHP, MySQL, HTML, CSS, JavaScript, Bootstrap

Desktop: Java, JavaFX, iReport/Jasper

Cloud: Firebase Authentication, Firebase Storage, Firebase (sync)

Architecture: Clean Architecture, SOLID
